

Anti Tip Anchoring System

Parent Unit's Anti-Tip Anchoring System provides a multiple-use solution for fastening equipment, furniture, and walls. Easy-to-use buckles enable convenient use. Very high-bonding adhesive tape; coupled with a double screw option, create endless opportunities for making living spaces safer. "Anti-Tip" greatly reduces the dangers associated with unsecured equipment and furniture. For use on televisions, dvd players, microwave ovens, stereos, computers and more. Also for use on dressers, entertainment centers, wall units, tv stands, kitchen carts and other furniture which can be tipped or toppled.
